

## REMARKS

Applicant inadvertently printed an informal drawing of a coating device on page 11 of the application. The specification is devoid of a Brief Description of the Drawings section and the text makes no reference to Figure 1. Removal of the drawing would not be new matter, nor would it create grounds for rejection under Section 112. Deletion of the drawing is respectfully requested.

Attached hereto is a marked-up version of the change made to the specification by the current preliminary amendment. The attached page(s) is captioned "Version With Markings To show Changes Made."

Respectfully submitted,
